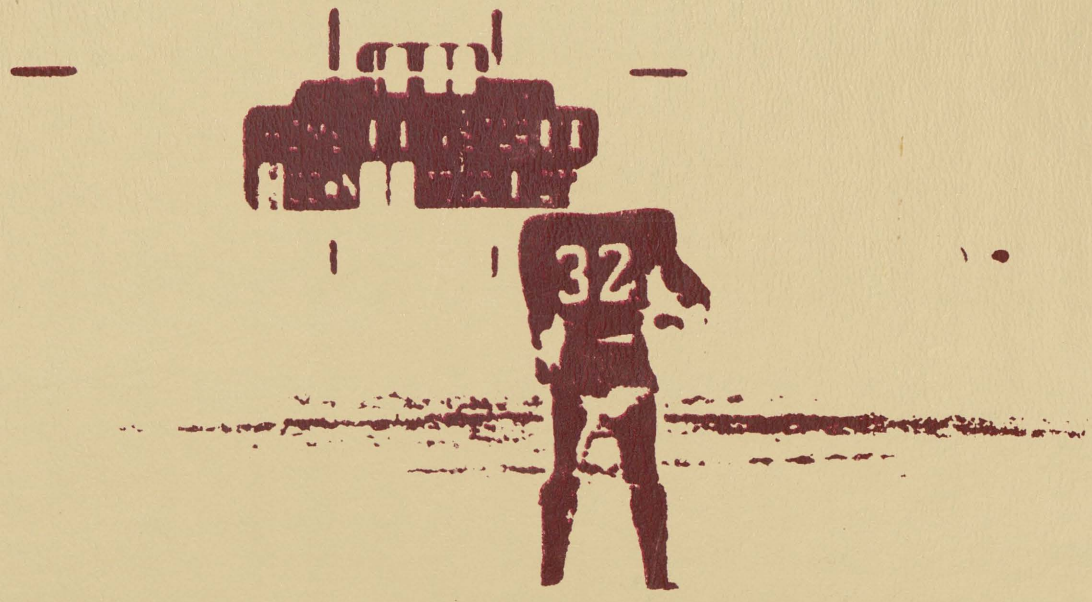
THE EAGLE HAS LANDED



Japo,

It's been a long time since I've written in someones yearbook so maybe I can think of something nice to say! ☺ 'Just kidding' Seriously, you've been a great friend to me (even though sometimes I don't know if you're kidding or not) and I want to thank you for being that way. I feel so really easy to talk to you because you really understand and you care about others. You're a good listener and that's a quality not many people have. (You're also a good talker. You've had Lotsa practice! Ar Ar Ar) I love listening to all of your stories about your Grandma, flyin' in the fields, etc. but I especially like listening about your mom. When you talk about her I can see a lot of inner qualities that don't always show. You love your mom and if it helps to talk about her to us (like that time with me and Bon Bon on the bus) keep on doing it. It makes us realize we've got it a lot better than we thought and it makes us realiee what would we do if we didn't have our families. Talking about her helps both of us So don't ever stop. I'm glad you came to 'Muth because I can never stay in a bad mood when I'm around you. I've never seen you in a bummed mood and that's another quality not many people have.

Good luck in the rest of your life and let's make our Senior year the best of our lives. Don't ever change Kathy 'cause you're the best you can be.

God bless

Kari (alias Gohlks)

I like racing Beasly after games. But don't fret. You'll beat her one of these days!!

Kathy, Japo, Boomer or Beanbag,

What can I say. It's been too much fun for too long. You are known for your sincere friendship and I know you have a sincere friendship with me. You are very special to me and I feel we have a very special relationship. You have always been a good friend and I can never acquire enough of that. I will always remember you were coming to my rescue when I was in trouble. You are a very good judgment and admiration. Boop. Boop. Boop

Japo,
To the humor provider of our team. I'm glad you are playing hoop for us this year. You have been a big asset for us with both your playing ability as well as your optimism. Always keep your positive attitude as our team really needs that. Keep hooping and work hard at it this summer. You won't regret it - believe me! Take care kiddo.

Love,
C.J. "80"

Japo,
Since I wrote on my picture I won't right much. I have had some great childhood days w/ you + Annette (Suzzle) + this basketball season has been GREAT. Keep on hooping. Don't worry about what all the parents think of your driving; we still love ya even though you practically have killed 1/2 our team (kidding). Take Care + BEHAVE (unless you want to have some fun).

Love,
Jill Marie

Japo -
To one of my bestest friends ever. Glad you stayed at FHS. I know you miss Pam. But we need to miss ya too. Anyway have a [illegible]. Keep up your sports. You great out on [illegible] basketball court. Keep it up. and in the keep'd better or your sure was a real. old mare

[illegible] Boom, you, + me, I was glad + hope ours [illegible] year. Keep up your goofy thing. Don't change to much the way you are. Thanks [illegible] your a special kid -*#!

Japo or Kathy
Well, what should I write?
O.K. lets get started with our bookkeeping, even though were both caught up, that's a miracle!!
Right. Well its pretty neat to be about the millionth person to write in here. Its great that we have become good friends even though you constantly stare at me when Marco lectures, (BORING). Good luck

"Friends"
Heidi

Japo,

I'm writing in the same place you wrote in mine. I would like to tell you I'm so glad you came to FHS last year. You have filled my days with laughter and great fun. At first I wasn't sure if we would get along because you gave me a "Melvin" on the 1st day you were here, but that was in fun. (I hope). Even though we have known each other for a short time we have shared great moments. You are a great basketball player and I want you to stick to it so next year you can be the the team's superstar. The first thing I noticed went I met you were your "Puppy Dog Eyes." Your eyes are adorable. When I went with you to Seminary I could tell right away how everyone really missed you. I know if you left our school I would miss you just as much. One day Jeanine and I will have to pick you up and really get you bombed. Then we can go racing down the road, but not on Tuscola for me. I'll never forget the one night we almost had an accident. That scared the crap right out of me. Even though basketball is almost over, hopefully we'll stay good friends. I hope you don't mind if I use this whole page. It's too late now. I wish you all the luck in the world. All we have is a year and a half and we'll be off on our own. If you stay the way you are you'll make it though life in living colors. I'm bragging you up here because I know a ton of times I've put you down. I'm always kidding of course. May God Be with You Always!

Keep On Smiling

Bon Bon

P.S. Try to not let someone on the basketball team bother you. Remember she bothers all of us. Of course you know who I'm talking about.

Astronauts of Appollo 11. Left to right: Neil Armstrong, Michael Collins, Edwin Aldrin. (Photo courtesy of NASA.)

In May of 1969, NASA named the three men above to crew the spacecraft Appollo 11 for man's first landing on the moon. In July of that same year, the feat was accomplished. Neil Armstrong and Edwin Aldrin in the EAGLE landed on Earth's nearest neighbor while Michael Collins orbited overhead in the COLUMBIA command module. One of the first broadcasts to Earth stated, "Tranquility Base here. The EAGLE has landed."

That was ten years ago. To commemorate this historic event, the 1979 Eyrie staff has chosen as the theme for this yearbook "The Eagle has landed."

To the Readers of this Eyrie:

The Roman legions marched under an eagle bearing standard. Over the centuries many nations have selected the eagle as the national bird or emblem.

The United States, too, found the strength and grace of the eagle to be a fitting symbol of our national resolve.

It was altogether fitting that America's first craft to descend from the sky to land on another celestial body bear the name "Eagle".

Your Eyrie is the home of Eagles. If you live up to the name, you will serve your country well.

Sincerely,

Neil Armstrong

Project Gemini was the second part of the Manned Space Program. It was designed to see if a number of people could survive in small quarters for a prolonged period of time. The sophomore could be seen as a parallel. Graduation seemed far, far away and we had to attempt to get along with people that never seemed to change.

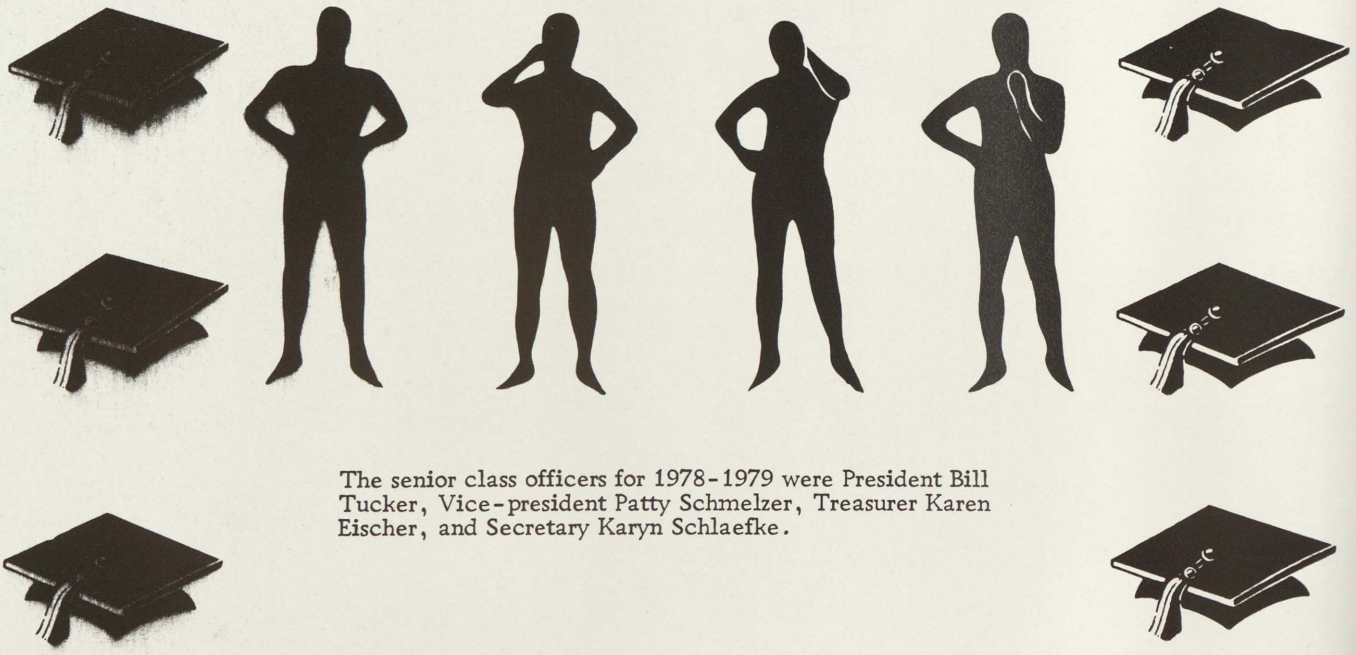
SENIORS

Final Stage: Skylab Or Shuttle?



The senior class officers for 1978-1979 were President Bill Tucker, Vice-president Patty Schmelzer, Treasurer Karen Eischer, and Secretary Karyn Schlaefke.

After three years at Frankenmuth High School, the senior class of 1979 found itself at the decision point. Likewise with the space program. For both there could be an end or a new beginning. One could be satisfied with limited but important goals. Or one could continue to reach for new heights not yet imagined. Skylab, for all its valuable lessons, ended in a rather ignominous fireball just short of ten years after man set foot on the moon. But the space shuttle promises new achievements and rewards. Likewise, to terminate one's goals after leaving FHS may seem short-sighted but will undoubtedly be of little value. Let us not forget that there are still many goals to achieve. And there are more than enough of them for all of us to set our sights on one and pursue it.

Venner

1

This year's performing arts group adopted the name "Venner." Venner is a Norwegian word which means "friends." The group's choral section has had an active year performing for many area groups which included Rotary, Saginaw Community Village, the Republican Women, a photographer's club, and Jefferson Avenue Methodist Church. It also gave two public concerts in the FHS auditorium.

Performing alone and with the dance section, Venner sang a variety of music ranging from modern to classical. Small groups of singers and instrumentalists were also formed to introduce variety into the repetoire.

The theme of this inventive musical is the conflict between the happiness of life-at-home and the joy of adventure. A world-roving photographer returns to a French-Canadian village hoping to recover the "Happy Time" of his childhood. Jacques takes his still bon vivant father and his teenage nephew to visit a team of dancers who sing "Catch My Garter." Bibi, fascinated by the carefree world of his uncle, proposes to drop out of school and become his assistant. Bibi's parents are hurt and angry and his teacher, a lovely girl secretly in love with Jacques, also disapproves. The conflict reaches a climax when Jacques' father sternly tells him he is stealing Bibi's affection. Jacques rallies to the challenge and disenchants Bibi with the idea of dropping out.

The Happy Time ran a full season on Broadway where it won two Tony Awards, one of them for Robert Goulet. It also received a warm welcome at FHS.

NAVY. IT'S NOT JUST A JOB, IT'S AN ADVENTURE.

PORT OF CALL, MONTEGO BAY.

You've heard about it. You've seen pictures. But now it's happening all around you, with more life and color than in a thousand magazines. The island sunsets, the tropical palms, the deserted beaches.

The Navy is more than just a job; it's Montego Bay, Hong Kong, and all the foreign ports where Navy ships stop. It's training in sixty career fields. It's working on the most advanced technical equipment.

Talk it over with your Navy recruiter. He'll be able to tell you what you can qualify for in the Navy.

Wapo, what a weirdo! You are so funny. It's been great having you on the team finally! (I'm recalling back to when I was a freshman & you were in 8th grade & we went to the Summer Olympics?) Remember? Our coach just gave us all the treats you used to give the team would want! Anyway, thanks for all that was your cue to keep it up! I'm just kidding of course. I hope you have a lot of fun this year! It will be great especially go for your Senior year! It will be great! I hope you keep up the great work in b-ball - you are great & you know it. Nowall you have to work on is your head - Keeping the size down. oops! rooting for you! I don't think that is Stay Cool and Keep on laughing! spelled right!
Love,
Bonnie Rutter
Kathy,
thought I'd give you a little algebra nervous for your enjoyment. An algebra (during American History) test is hard but I work so hard that I would like to be surprised if you got an A for the semester! I'm really glad you're going to FHS - I loved seeing you & we need some more Seniors but here! I'm really glad that we got to know you this year - you're a super great person! God bless you Kath,
Gina

Kathy (Japo)

You Know I never could get used to calling you Japo!!. But I'll try! It Sure has been one heck of a year a lot better than last year at least for us. Basketball has been pretty good but I am waiting for next year So we can just cut loose and let everything fly!!!! Since sports are almost over with for us - or maybe some more for you (track) we can start doing some serious thinking about _____ !!!! I'll never forget our favorite cruisen road and I'm sure you wont either! Soon we have to get Beasley's house really good! I can't wait ═══ that will be great! Kath, I must say we have been friends a long time but this year has been a super year for our friendship I hope we will always stay this way!!!

God Bless!!

Love,
Liz

Japo,

Boy! You don't know how long it's taking me to think of how I want to write this because I want to say it just right. Japo, you've been (and are) a great friend to me in these last couple months. Holiday just wouldn't be the same if you weren't a part of it. You know what I like best of you, you always seem to have something funny to say when it's needed and yet you listen when ~~it's~~ somebody (me) needs to talk. (and of course I can't resist those brown eyes of yours.) When I first met you I wasn't sure about you but now I am very glad and proud to have you as my friend. I hope — I know we can keep being friends for a long time. Take care of yourself and don't work so hard.

your friend,
Jeanine

P.S.

Bonnie and me are going to take you out (drinking)* one of these nights - when you're not working. So here goes. You're a very hard person to understand sometimes. I don't know for sure if you're joking or not on some occasions. I'm truly glad that you came back from Sem. to good ol' Frankenmuth High. You talk a lot about your friends at Sem, and I know that you miss them, but I hope that you decide to stay here next year. You never let anything get you down (maybe just one person might irritate you) and you're always joking around. One thing for sure, you never let me stay mad or bummed out for too long. -Nobody can for any long amount of time when you're around.

Japo, (Puppy Eyes!)
I'll write here, next to my pal Jeanine, OK? (Since you told me to.) I said that I'd fill up a whole page, so here goes. You're a very hard person to understand sometimes. I don't know for sure if you're joking or not on some occasions. I'm truly glad that you came back from Sem. to good ol' Frankenmuth High. You talk a lot about your friends at Sem, and I know that you miss them, but I hope that you decide to stay here next year. You never let anything get you down (maybe just one person might irritate you) and you're always joking around. One thing for sure, you never let me stay mad or bummed out for too long. -Nobody can for any long amount of time when you're around.

Say hey! I'm truly honored to be the 2nd person to write in your book. What can I say? We've been friends for a long time. I love talking about all the "old times." I think my year wouldn't have been half as fun last year if you hadn't been around. You make everybody around you laugh, you've got such a great personality! Really! (don't tell anyone how much you paid me to write all this nice stuff.) I've never really had any great problems, but if I did, I think I would turn to you because you listen. Last year was great, this year is great, next year should be better still! Let me know some time, we'll have to drag your shit bomb against mine. Remember the canoe trip, frisbee, and most of all laughter, friendship and love. Take care of yourself.

Public Libraries of Saginaw
31390016657452

P.S. I thought I'd write a little something (something) while you're here! If you feel a little uneasy with me sometimes, I feel very comfortable talking with you. (Maybe a little embarrassed sometimes (like in DaVinci's) but never uncomfortable.) There is a certain characteristic that you have that makes everyone feel at ease with you. Don't ever lose it. You're a very sensitive person with a lot of values, and caring for others. It shows so much, especially when you talk about your mom. Maybe you don't like to think that you are a sweet person, I don't know, but I do know for sure that you are. You're kind to everyone (with a few exceptions). But even considering those few, lately I've felt a little guilty after being "not so nice" to you. I NEVER write in a straight line! I hate it!!! = ue at hand - YOU BETTER GO OUT FOR TRACK! ough I was dead serious, you're one least a couple thousand! No kidding.

It seems to me that you value friendship, and that you won't do anything to hinder its growth. I know that many people value yours too, especially me. Don't feel that you can't be yourself around me, because that's why I like you, for yourself. I think that you're the only person keeping me sane through basketball practice. We juniors have to stick together! It's impossible for me to tell you how much I appreciate what you have done for me. You've helped me out so much & understood a lot of problems of many people. I'm looking forward to the rest of this year and the next one. Lets stay friends, OK?

Take Care of Yourself,

Beaner alias Beanley
Janet Frank

I'm done, yea, hurrah, 3 cheers, are you happy?
